

MEMORANDUM

DATE: MAY 29th, 2020

TO: ALL RESIDENTS, FAMILIES & STAFF

FROM: RON PATTI, EXECUTIVE DIRECTOR, HILLTOP CAMPUS

RE: COVID-19 FREE ON THE HILLTOP CAMPUS

Hello everyone,

I wanted to provide you with a brief update and I am pleased to share some good news. In the May 19th memo, I had informed you of a positive case among one of our employees in our nursing home. Subsequently, we placed the entire unit on enhanced contact droplet precautions and increased surveillance of residents for symptoms implementing all infection control protocols. I am pleased to inform you that we did not have any cases develop in any of our residents or staff.

We are now COVID-19 free on our entire campus! The residents who had been recovering from COVID-19 in our assisted living facility have now recovered from the virus. The entire unit is now clear of any cases. We continue to work very hard to avoid new cases and are following all guidelines set forth by our governing agencies.

Lastly, we continue to conduct mandated testing of employees in compliance with the NY DOH executive mandate Governor Cuomo set forth on May 10th. We also continue to actively screen all of our employees prior to the start of each shift. Any employee that does not pass their screen or in the event their testing comes back positive, they would be sent home to recover and quarantine. Furthermore, in accordance with the new guidelines, any staff member that had previously recovered from the virus who presents with a repeat positive test, would be sent home to quarantine until they test negative.

Thank you all again for your continued support and understanding which has meant so much to me and my staff. As always, do not hesitate to contact me at 607-798-7818 ext. 210 should you have any questions.

Sincerely,

Ron Patti

Executive Director
